

K-LOVE radio station 94.3 FM out of Elgin, IL is all our family listens to, it inspires us to be good citizens. The effect of replacing K-LOVE with an LPFM broadcaster would deprive the entire community access to the best morally responsible station we have. It is in the public interest keep K-LOVE so that crime will not rise in our neighborhoods. It is the only station with no commercials available 24x7 for anyone seeking to enhance their life and turn form crime. Please let us have our K-LOVE the only station my daughter listens to, the only station we know and sing to every song broadcasted. Thank you.
